Subject: Review of Updated Reclamation Plan Maps and Bond Revision, U.S. Gypsum, Company, Jumbo/Jensen Mine, M/014/008, Task ID#1731, Sevier County, Utah

Dear Mr. Kunzler:

During your visit to the Sigurd Quarry on November 21, 2007, you brought to our attention that there was an unexpected delay in completion of the Reclamation Plan. Due to change-over in personnel, your original response that was sent to Joe Crawford in June of 2007 was not received. Mr. Crawford is no longer employed with United States Gypsum Company. Forwarding contacts were given by Joe Crawford to your department prior to his departure.

We will submit a response to your June 28, 2007 review during the first quarter of 2008. If you have any questions or concerns, please contact Josh Reese, Quarry Engineer, at (435) 896-2423 or [jreese@usg.com](mailto:jreese@usg.com).

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce Allen", written over a horizontal line.

Bruce Allen  
Plant Manager  
United States Gypsum Company  
Sigurd, Utah
